

Piping

Fluids networks

Drawing on the experience we have gained from a wide range of projects, we can provide turnkey solutions. As our satisfied clients will tell you, our pragmatic approach has gained the confidence of the most demanding industry sectors.

◆ Design, prefabrication and assembly on-site of piping networks with:

- On-site dimension calculations
- Surveys and detailed, isometric projections
- Integration of elements of:
 - control
 - regulation
 - transfer (pumps)
 - filtration

▶ **Our unique selling points**

- A broad range of industrial experience
- Integrated design
- Flexible, readily available and proactive
- Cleanroom

➤ **Our clients**

We work with various sectors of industry: **chemicals, environment, food, cosmetics, pharmaceuticals, energy, etc.**

Our resources

Our machinery

- Fitting out, preparing and cutting piping
- Flange tower
- Bending machines
- Pre-assembly workshop
- Welding equipment

Our team

The SEMECA group employs a number of staff who are qualified in manufacturing and assembly.
